

## About Integra Partners Group Purchasing Organization (GPO)

Integra Partners GPO is available exclusively to Integra network suppliers. Our program offers savings on products and services for DMEPOS suppliers by leveraging our network's aggregate purchasing power to negotiate discounts with manufacturers and other entities on behalf of our partners.

As various market forces have put downward pressure on margins, Integra's goal is to make various products and services available to our Providers at discounted rates compared to those available if the products and services were purchased independently.

We're excited to partner with **WCH Service Bureau**, a nationally recognized, multidisciplinary company specializing in medical billing, credentialing, auditing, and software development services. Through the GPO program, Integra Providers qualify for a 15% discount on WCH's audit prevention services.

---

## Resources
